

We're here to help.

GoFundMe.org and GoFundMe are committed to supporting people and communities affected by natural disasters and other weather emergencies.

GoFundMe.org

As a 501(c)(3) nonprofit, GoFundMe.org raises funds and then distributes up to \$1,000 to eligible recipients.

GoFundMe

You can create a personal fundraiser with no limits on funds raised. Receive funds right to your bank account.

We can help when extreme weather causes financial hardship in your life.

In a weather-related crisis, you can raise funds with a GoFundMe fundraiser in three easy steps:

1. Go to www.gofundme.com, click “Start a GoFundMe” and share the reason for your fundraiser, your goal, a title, and a picture.
2. Share the fundraiser with family, friends, social media, and local news media.
3. Add your bank information to start receiving your donations.

[**Start a GoFundMe**](#)

Once you have an active GoFundMe fundraiser that explains your need, you may be considered for a grant from GoFundMe.org. If you're eligible, and funds are available, GoFundMe.org may issue a grant of up to \$1,000 directly to your fundraiser.
